

EMPOWERING TEACHERS, ENGAGING STUDENTS

We selected FLVS® as our curriculum provider because it offers one of the oldest and most successful student-centered digital learning models, with more than 15 years of educational leadership. FLVS started as a school and continues to share best practices with an NCAA-approved, fully-accredited state model. The curriculum is repeatedly tested and proven in the largest state virtual school in the nation.

Personalized Learning for College and Career Readiness

Every student deserves the best education possible. We believe FLVS courses are the best fit for our school because they are designed to be teacher-driven; offering the human element that students need to be successful. It is our goal to meet each of our student's unique needs.

With FLVS curriculum, we are able to provide:

- AP®, honors, elective, and core courses aligned to national and state standards
- Greater control and flexibility of our student data and digital classroom management tools
- Options to increase graduation rates, decrease drop-out rates, and provide learning acceleration
