Merit Scholarship Award

Baton Rouge, LA 4/4/2019- University View Academy Senior Arabella Jennings of Rayville was awarded a Merit Scholarship to continue her education at the University of Louisiana Monroe in the fall. She was congratulated at an awards banquet this week honoring incoming students for academic achievements and ACT results. Jennings will become the first student to graduate from University View Academy with an Associate degree from Northwestern State University, since she will have earned enough credits upon successful completion of her Dual Enrollment college courses this semester. She is also participating in the State Literary Rally this month after placing 2nd in Environmental Science in the District Rally at Louisiana Tech in February.

University View Academy is a free, public K-12 online charter school that allows students to embrace technology, flourish through innovation and seek empowerment to become their best self. University View Academy was recently awarded the Innovation Education Award by the Louisiana Association of Public Charter Schools.
